

ICMAP 2018

The 7th International Conference on Microelectronics and Plasma Technology

July 24-28, 2018 / Songdo ConvensiA, Incheon, Korea

Prof. Dr. Miran Mozetič

Jožef Stefan Institute, Slovenia

Prof. Mozetič currently serves as the Head of Department of Surface Engineering at Jozef Stefan Institute, Board member of Strategic Research & Innovation Partnership “Factories of Future” and Centre of Excellence “Polymer Materials & Technologies”, Chair of Education Committee of International union IUVSTA and Deputy director of company Plasmadis Ltd. He obtained the Diploma Engineer degree from physics, M. Sc. from technical sciences and PhD from electronic vacuum technologies. His R&D activities are related to plasma science and development of plasma systems for industrial applications. His bibliography includes about 30 patents granted by different offices and 300 scientific papers with H-index of 37.
